

NH Brain and Spinal Cord Injury Advisory Council

C/o Brain Injury Association of New Hampshire
109 North State Street, Suite 2 · Concord, NH 03301

April 8, 2013

RE: PUBLIC HEARING NOTICE – MAY 28, 2013

To Whom It May Concern:

The Brain and Spinal Cord Injury Advisory Council is seeking input from stakeholders (survivors, family members, caregivers, services agencies) with respect to the unmet needs of individuals with brain and/or spinal cord injuries. Based upon the information gathered and as part of the Council's statutory charge from the New Hampshire Legislature, the Council will subsequently submit a report to Governor John Lynch and the Legislature that contains findings and recommendations on how New Hampshire can better meet the needs of individuals with brain and/or spinal cord injuries.

On behalf of the Council Chair James Fox, we are asking for your participation. Kendra Yakovleff Facilitator for the Claremont Brain Injury Support Group will be hosting this hearing on behalf of the Council.

As noted below, the meeting will be held at Valley Regional Hospital on May 28, 2013. Parking is available. Please come to this meeting to express your needs to persons from the Brain and Spinal Cord Injury Advisory Council. In these uncertain times of reduced funding, we must rally to express our requirements for care, necessary funding and support.

We look forward to meeting you and learning about your questions and concerns. Please plan to attend in support of the Claremont area brain and spinal cord injury survivor community. This public hearing will replace the Claremont Brain Injury Support Group meeting previously scheduled on this date.

Sincerely,

James Fox, Chair
Chair, BSCIAC
